The Webinar: Contents

- The project Metamorphosis
- The construction site in public space as a learning and meeting point
- The skate ramp at Brunnenplatz in Obermais
- The mobile furniture at Vigilplatz

METAMORPHOSIS

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 723375

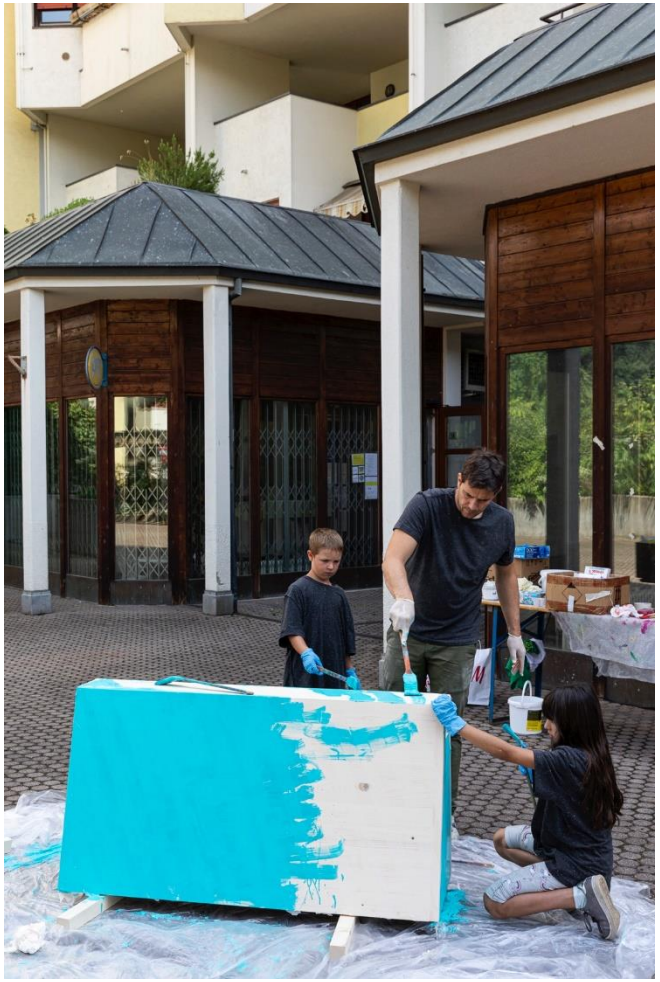
How do children see and observe the world?

Which point of view do they have?

What do they need?

METAMORPHOSIS

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 723375



Co-design public space with children

METAMORPHOSIS

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 723375

The responsibility for the common space increases and the behaviour in the space does change.

METAMORPHOSIS

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 723375

What is already there? What is missing? Where do the children play and meet?

"We have to deal with the anatomy, the function and the metabolic processes of the city. The public spaces are therefore a mirror image of the health status of our society."

Renate Stuefer

Thank you!
